TJM Canopies

We started it

Founded on mateship in 1973, TJM is the Aussie pioneer of 4WD equipment.

We're tried and proven

Australia's rugged, yet diverse landscape has provided the ideal testing ground. Whether your journey takes you on or off road, for work or play, TJM has the gear you can depend on.

We're tough, yet sophisticated

Using the latest engineering and manufacturing technology, our products are exposed to stringent testing and thorough quality assurance procedures to guarantee our customers receive nothing but the best.

Everybody wants a piece of us

Our research and development team brings leading-edge and performance-driven products. We're the experts not just on our home turf but also offshore, so it's not surprising TJM's Aussie innovations are exported around the globe.

BUILT STRONG, BUILT TO LAST

PERFORMANCE YOU CAN RELY ON

Strength is the foundation:

Like your home every TJM canopy is built on a strong foundation. The integrated base rails are fundamental to the design. Equally important are the composite materials and processes that are used to build each fibreglass canopy. This guarantees performance and longevity you can rely on.

What you really need to know:

Weather-tight performance is so important, nothing is left to chance.

Windows are installed using a customised rubber seal with an encapsulated foam core.

The seal forms a water barrier between the window and the canopy shell, to keep your valuables dry.

Be smart, look smart:

Accessories need to be complimentary to the overall appearance of your vehicle. All TJM canopies are designed to match the vehicle lines and style for each and every application.

WINDOW OPTIONS

High quality components compliment the design, function & style of each TJM canopy.

Tempered safety glass is used for all windows, which include fixed, sliding or lift-up side windows.

Better still, choose between our flush mount lift-ups or flush mount scissor lift-ups for an all glass look

WE'VE SET THE STANDARD! AS 1235; 2000

Adding roof racks to your TJM canopy is easy, all our canopies are rated to carry up-to 100kg in accordance with the Australian standard AS 1235; 2000.

So it doesn't matter if it's a ladder, bike or kayak you can load with confidence.

EVERY PIECE COUNTS

Strength is the foundation

Heavy duty 5mm fibreglass construction.

Secure Your load

Protect your gear with key matched rear door handles, using double pozi catch-latches to provide the best security.

Solid Integrated Base-rail

A canopy is only as strong as its base. A one piece fibreglass canopy provides maximum strength & water tightness for years to come.

Unique Water Barriers

Our customised rubber seal ensures the weather stays outside so your load stays dry

THE OPTIONS

Optional Internal LED Light

Battery operated LED lights can be attached to any TJM Canopy rear door and or side windows.

Colour Code Your Canopy

Colour coding is available to match your TJM Canopy to its vehicle.

Security Mesh

Available for sliding side windows. Made from mild steel and powder coated.
